What Your Tiny Dancer Will Experience

20 Minutes of Beautiful Ballet

We will plié, balance and turn to gentle music inspired by favourite ice princesses and fairy tales.

20 Minutes of Hip-Hop & Tumbling

The music picks up as we jump, move and tumble. Dancers will practise gallops, skips, step-ball-changes and more, building progressively each month.

20 Minutes of Tap

In shiny black tap shoes, dancers will sing, dance and create exciting sounds while learning to listen and move to musical counts. Skills progress from basic steps to combinations throughout the year.

Ballroom and other exciting dance genres will also be introduced throughout the year!
